

Login to your school's network

To login, go to **http://login.linewize.net**. (Use **http**, not **https**.)
Sign in with your **Username** and **Password**.

The screenshot shows the login interface. At the top center is a blue icon of three people. Below it, the text "Please login" is displayed. There are two input fields: "Username" and "Password". Below these fields is a button labeled "Sign in with Username and Password".

If this is:

- Your computer, click **Continue and Save My Device**
- A shared computer, click **Continue Without Saving**

The screenshot shows two buttons. The top button is labeled "Continue and Save My Device" and has a small icon of a device. The bottom button is labeled "Continue Without Saving" and has a small icon of a right-pointing arrow.

Logout of your network or account

To logout, go to **http://login.linewize.net** and then click **Logout of Network**.

If your school uses Google or Microsoft, click

- **Logout of Network and Google**
- **Logout of Network and Microsoft**

The screenshot shows the logout interface. At the top center is a blue icon of three people. Below it, the text "Please choose an action" is displayed. There are three buttons: "Login to Network" with a right-pointing arrow, "Logout of Network" with a left-pointing arrow, and "Logout of Network and Google" with the Google logo icon.

Troubleshooting logins

My School Manager

Go to <http://my.linewize.net> to see your login and network status. (Use **http**, not **https**.)

Classroom

Teachers can use this to access additional Classwize features.

Bypass Code

Click here if your teacher gives you a code to access a website in your class.

If your teacher has given you a code to **Join a classroom**, click and type the 4-digits to enter the class.

Shows your device identity
(**visiting from**)

Shows your login status
(**authenticated as**)

Your school IT may ask you to go to <http://whoami.linewize.net> for:

- **deviceid** - your computer name as it appears in network management tools
- **ip** - the IP address of your computer on the network
- **mac** - the address of your computer-hardware connecting to the network
- **provider** - if you are logged in through School Manager, Google or Microsoft
- **token** - the single-use, unique code for your current login
- **username** - who is currently logged into this computer
